¹ ADA for each classroom is the sum of statuses selected to count as 'Present' on the setup screen divided by the Operating Days for that classroom. Total Average Daily Attendance is computed as total children counted as 'Present' divided by Average Operating Days. Because the average of all classroom ADA's is not used, the total ADA will not equal the sum of the individual classrooms.

² Actual Enrollment is the sum of the Absent, Excused, Not Scheduled, Present, and Unexcused attendance statuses divided by Average Operating Days. No Class is the only attendance status not included in this calculation.

³ Percent Attendance is the Average Daily Attendance divided by the Count.
