To our family of valued store guests,

As we continue to navigate the coronavirus pandemic, we remain committed to ensuring the well-being and safety of our family of associates, customers and communities and supporting health officials and government leaders to contain the virus.

Effective immediately, we are setting aside time twice per week for store guests most at risk of contracting coronavirus (COVID-19), including older adults, pregnant women and immunocompromised individuals.

**Reserved hours will be every Tuesday and Thursday from 7 a.m. to 9 a.m.**

We are enacting these reserved hours to help protect our most vulnerable store guests, and we are asking our other customers to observe these hours for those most at risk in our local communities.

In this time of uncertainty, I am extremely proud of our store associates, who continue to work diligently to ensure our neighbors have access to the food, medicine and household supplies they need. We are also grateful to our many store guests who have taken the time to thank them personally or share positive experiences on social media.

We are honored to have been the trusted food provider our communities have counted on for over 100 years.
